Alfa Voluntary Pension Fund

DATA PROTECTION GUIDE

CLIENT'S COPY

To ensure secure management and protection of your personal data is of primary importance to us. To this end we always ensure that we manage the information you provide only to such an extent that it is required for the fulfilment of any given process or measure, and we will take every technical and organizational measure to prevent unauthorized persons from accessing your data. This data protection guide will give you the necessary information on what happens to your data after you provide them to the pension fund.

WHO DO I GIVE MY DATA TO?

Your data will be managed by Alfa Önkéntes Nyugdíjpénztár (Alfa Voluntary Pension Fund), who is the Data Manager in respect of this guide.

Seat: 1091 Budapest, Üllői út 1.

Postal address: 1399 Budapest, Pf. 717

Telephone: +36-1-477-4890

E-mail address: nypugyfel@alfa.hu

Website: www.alfanyugdij.hu

Data Protection Officer:

nyp.adatvedelem@alfa.hu

WHY ARE MY DATA NECESSARY?

Data may be collected for a clearly determined, specific purpose (i.e. it is restricted to a purpose), and may only be managed in a manner which is compatible with such purpose.

In order to ensure lawful data management, the law clearly determines the legal grounds which necessitate the management of data, in cases when the stakeholder gives his/her consent, or if there are legal regulations to manage a certain data class, or when data management is required to fulfil a certain contract, or the Pension Fund's legitimate interest makes it possible.

1. Data management in relation to pension fund membership

We need the data we ask for on the form to fulfil the services you ask from us, including the establishment of the Contract, keeping the records, crediting deposits, keeping the account, fulfilling payments. The legal basis for processing data, in this case, is that the processing is necessary for the performance of the contract. The source of the personal data is the data subject or where the data subject has given his or her consent, the source of the data is his or her employer.

Recording and management of certain data is required by the law to fight against money-laundering and the financing of terrorism, with the purpose of identifying account holders, taking the necessary client due diligence measures, establishing tax residence in order to mitigate the risk of tax evasion, and, in the event of a complaint, keeping complaints in a sufficient manner, fulfilling data provision obligations.

In certain instances you decide if you want to provide certain data, such as your telephone number and e-mail address, which are not conditions of fulfilling the contract, but may be useful to you because this way we can inform you on the facts and events related to your contract and the services you request. If you have also required our e-mail service, your email address is processed for the purpose of fulfilling this contract. During the life of the contract as well as after its termination within the limitation period there might be issues and claims related to settlement, cases of suspected fraud, which require the use of data for the purposes of inspection and settlement. This data management is carried out in the just interest of the Fund.

Data will not be deleted during the life of the contract, because fulfilment of the contract is not possible without such data. We will keep data after the termination of the contract because we are required to do so by law, and there might be civil or criminal claims pertaining to the contract within the limitation period, which necessitate such data to verify or fulfil them.

If a representative is acting on behalf of the Client, we will require data which are sufficient to identify the representative and to verify his/her authority to represent the Client.

We will use such data to fulfil the requested services, and – in certain cases – to take the necessary client due diligence measures as specified by the law.

On our forms, we also ask for the information and signature of witnesses in order to be able to prove the validity of the statements in the future. The format of private documents with full probative force is set by the law or defined by the Fund for just interest.

2. Data management for marketing purposes

In addition, we will use your data to develop our products and services, such as for the purposes of market research, and we may get promotional messages and information related to our own products to you on the basis of the just interest of the Fund.

In order to send you promotional messages electronically, we need your explicit consent.

If you would like to get information regarding the products and services of Alfa's affiliated companies, you may give your consent to the transfer of your data to these companies for the purposes of the sale of their products, and contacting you directly.

Later on you may decide any time that you do not wish to be contacted and you may withdraw your consent. The withdrawal of the consent does not affect the legality of previous data management.

WHO CAN THE PENSION FUND TRANSFER DATA TO?

Personal data may be accessed primarily by the company's employees and officers who need such data for fulfilling their job, and in some instances data may be transferred to external parties.

The Pension Fund is entitled to use a data processing company to perform technical activities pertaining to data management operations. The majority of administrative activities and certain expert tasks have been outsourced by the Pension Fund to Alfa VIG Pension Fund Management Plc. Pursuant to the law we can only transfer your data to others in the following instances:

- the client gives his/her consent to it in an appropriate manner (in the form of an authentic instrument or a private document having full documentary evidence)
- the law gives permission to it

Recipients might be as follows:

- service providers engaged in outsourced activities: external service providers who perform activities related to the Pension Fund's activities, where the performance of such activities requires data management or data processing (e.g.: printing house, administrative service provider).
 The list of partners performing outsourced activities is published on the Pension Fund's website.
- professionals, such as lawyers and auditors performing professional activities.
- authorities and courts listed in the act regulating the activities of the Pension Fund, within the scope of proceedings as specified by the law.¹
 (e.g.: Hungarian National Bank, Tax Authority, authority acting as a financial information unit, Hungarian Competition Authority, Financial Arbitration Board, authorities investigating a case in criminal proceedings, the public prosecutor's office, national security service, public notary acting with regard to an estate, the public guardianship authority, a court acting in penal or civil proceedings, as well as in cases of bankruptcy or liquidation)
- in case of account transfer, the transferring fund, in case of taking over the employer's membership fee to the employer on the basis of the member's authorization. In the absence of authorization, the claim cannot be met.

DATA TRANSFER TO A THIRD COUNTRY OR AN INTERNATIONAL ORGANIZATION

Your data will not be transferred.

HOW LONG SHALL WE KEEP YOUR DATA?

If we manage data in connection with the fulfilment of a contract, we will manage data as long as the contract exists, or until such time as civil or penal claims may be enforced with regard to the contractual relationship. It also refers to the event when we do not accept the application for membership and the contract shall not be concluded. We will keep data until the end of the limitation period even in such cases.

After the termination of the contract we will keep data due to the Pension Fund's just interest as long as civil or penal claims may be enforced with regard to the contract, because data may be needed to verify claims in possible future proceedings.

In the event of data management specified by the law, the law itself shall determine the duration until data must be kept.

Pursuant to the Accountancy Act all accounting documents, including the contract itself, must be kept for eight years. Pursuant to the regulations controlling measures necessary for the purposes of the fight against anti-money laundering and the financing of terrorism, data recorded within the scope of such purposes data must be kept for eight years after the termination of the contract.

If data management is based on consent, it will be valid as long as you withdraw your consent. Consent to use your personal data for marketing purposes shall be valid as long as the contract exists, consent to transfer your data to the affiliated companies of Alfa's group of companies shall be valid for three years and must be renewed every three years, and in the absence of a repeated consent we will not transfer your data. If data becomes necessary for the purposes of activities serving the Pension Fund's just interests, data may be deleted after such just interests cease to exist.

WHAT ARE YOUR RIGHTS AGAINST THE DATA MANAGER?

1. Access right

It means that you may ask for feedback whether or not data management is in progress and ask for more details from the data protection statement available on our website.

Upon request we will make a copy of your personal data available to you.

2. Correction

If you discover that the personal data on our files are not appropriate (incorrect, incomplete), you may request that they be corrected or completed.

3. Deletion (cancellation)

Upon your request we will delete your personal data if:

- they are not needed any longer for the purpose which they were recorded for,
- you withdraw your consent and there is no other legal ground verifying data management,
- the Pension Fund manages data out of its own just interests, you object to such data management, and there is no legal reason having priority over it.
- data are managed against the law,
- the law specifies that they be deleted.

If we disclosed some data, but we need to delete them pursuant to the above, we will do our best – considering the technology available to us as well as the costs related to execution – in order to make the fact of deletion known to those who received your data, and inform them on the need to delete the links pointing at personal data and copies thereof.

Deletion have further specific restrictions if data are required to enforce claims or for the purposes of public interest (national health, archiving due to scientific and historical research).

4. Restrictions to data management

Restrictions to data management may occur in the following instances:

- if you challenge the accuracy of data, and we need time to check it,
- if data management is against the law, but you specifically ask for restriction instead of deletion,
- data are no longer needed for the purpose of data management, but you ask them to be kept in order to submit, enforce or protect legal claims,
- if data is management pursuant to the Pension Fund's just interest, and you object to data management, data management will be restricted until we establish if the Pension Fund's just interest enjoys priority over your objections.

Restriction means that your data will only be stored, except if you ask for some other measures to be taken as well, or if data are needed to submit, enforce or protect legal claims, or if it is necessitated by the protection of another person's rights or by important public interest.

5. Right of objection

You may use this right if data management is based on the Pension Fund's just interest. In such an instance the Pension Fund is to verify that such just interest is of primary importance and exceeds the client's interest to data protection.

An example is data management for acquisition purposes. If the client objects to it, we will acknowledge it, and will not contact him/her with our product offers.

6. Portability of data

You may request that we hand over to you electronically the data you made available to us, or we transfer such data to a data manager/data processor specified by you, provided that the necessary technical and data security conditions are given. Your request may refer to data that we manage pursuant to your consent, or for the purposes of the fulfilment of the contract, in an automated manner.

7. Right to withdraw consent

Withdrawal does not affect the lawfulness of the preceding data processing.

WHAT AUTHORITY CAN YOU TURN TO IF YOU HAVE COMPLAINTS REGARDING DATA MANAGEMENT?

You may contact the National Authority for Data Protection and Freedom of Information or apply to the courts against our data management.

Authority's address: 1055 Budapest, Falk Miksa utca 9–11.

Authority's mailing address: 1363 Budapest, Pf. 9

Authority's website: www.naih.hu

DO YOU USE AUTOMATED DECISION-MAKING OR PROFILING?

When making decisions pertaining to data management purposes as specified above we do not apply automated decision-making. We use our clients' personal data (such as age) as well as data pertaining to deposits to deliver tailor-made communication to our clients in our marketing activities. The legal ground to such activity is the Pension Fund's just interest.

SHALL THE PENSION FUND USE DATA FOR OTHER PURPOSES?

We will not use data you made available to us for purposes other than the ones specified herein.

For the Pension Fund's statement on data protection see the Fund's website www.alfanyuqdij.hu
